This impressive Easter Tower certainly has the edge over bog-standard chocolate eggs. It does include a large chocolate Easter egg of course (it wouldn't be Easter otherwise) - but we've also added a huge array of other goodies. With enough to share around an office - or the whole family - you'll be impressed by the sheer variety of chocolates and treats crammed into this **42cm tall gift tower**; from English fudge, honey roasted nuts and cranberry flapjack to mini speckled Easter eggs, chocolate caramels and mini marshmallows. Delivered in seven carefully-stacked metallic gift boxes, the lucky recipient of this gift will be kept busy exploring what's in each one.
